MATERIAL SAFETY DATA SHEET

NYLON HAIR & BEARD NETS

Identification

Product Description: Hair and Beard Nets are made of flame-retardant 1/8" nylon netting. The soft, comfortable nets are ideal for keeping work areas clean and sanitary.

Physical and Chemical Properties

Nylon is produced by melt spinning and is available in staple, tow, monofilament, and multi-filament form. The fiber has outstanding durability and excellent physical properties. Nylon is not considered a comfortable fiber in contact with the skin.

Potential Health Effects/First Aid Measures

Potential Health Effects: Eye contact will produce a mechanical irritation. Skin contact should produce no skin irritation, swelling, or sensitization.

Storage

Storage: Store non-woven fabric in a warehouse equipped with a sprinkler system. Do not store near flame, heat, or strong oxidants, such as hot or concentrated nitric acid or fuming sulfuric acid.
