TECHNICAL DATA SHEET

CleanRoll Adhesive Film Rollers

Adhesive film rollers collect dust and loose particles from smooth floors, walls, and work surfaces. Each roll contains 118 peel-off polyethylene sheets on a 1½-inch core; remove the used sheet to expose a fresh adhesive surface. Choose 3, 9, or 18-inch widths in blue or white. Matching handles are listed separately.

SPECIFICATIONS

Material / construction	Polyethylene peel-off film
Sheets per roll	118
Core diameter	1.5 in
Roll widths	3, 9 and 18 in
Packaging	Individually poly wrapped and sealed
Adhesive strength	160 ± 10 g per 25 mm
Tensile strength	Greater than 1.2 kg per 10 mm
Listed cleanroom class	ISO 5 (Class 100)
