

Face Shields

NOGMA™

Face Shields

Applications: Construction, machining, milling, industrial, laboratory and similar industries requiring eye protection from particulates and splash.

Face Shield, Ratchet Adjustment

This Face Shield comes complete with fully adjustable headgear. The 8"H x 15 1/2"H x 0.040" thick polycarbonate shield offers excellent impact protection. The shield pivots for convenience while not in use. The rounded brow guard protects from airborne particles. Headgear is padded across the forehead to prevent slippage and increase comfort. An adjustable overhead band allows the shield to rest comfortably. The ratchet adjustment in back easily tightens while in use for a custom, secure fit.

ANSI Z87.1989

Face Shield, Economy

This face shield is an economical alternative for protection from airborne particles. The 8"W x 15 1/2"H x 0.040" thick polycarbonate shield offers excellent impact protection. The overhead band and headband are adjustable with snap-lock pins for a precise fit. A foam padded band on the forehead increases comfort for extended wear. The brow guard and shield pivot for convenience while not in use.

ANSI Z87.1989

Features and Benefits

Face Shield

- 8"H x 15 1/2"H x 0.040" Thick Polycarbonate Shield
- Adjustable Ratchet Style Headband
- Adjustable Over-the-Head Band
